

Pad Maintenance – Pratt & Waste Connections Well Pads

July 30, 2015

Encana will be on the Pratt and Waste Connections Well Pads starting next week to mow the grass on both locations and conduct routine maintenance.

This activity will include a large truck and trailer to haul in the mower, and a few workers. All work will be done during daylight hours and will take one week to complete.

None of this activity is related to new drilling or completion operations. Encana has not set a date for returning to the Pratt or Waste Connections locations at this time. Once a date has been set, we will communicate that with nearby neighbors.

If you have questions, please contact Encana at 866-896-6371 or CommunityRelationsUSA@Encana.com. You can also visit [Encana's page](#) on the Town of Erie's website for more information, other courtesy notices and more about oil and gas activity in Town.
